### BDES INDUSTRIAL DESIGN, 2007
**Emily Carr University, Vancouver BC**

## PROJECTS

### Doctors Near Me |
### killeraliens.github.io/doctors-near-me

Doctors Near Me is an app that locates and displays medical professionals based on your location, insurance plan, or specialty search inputs. This project utilizes OOJS & constructor functions to pull doctor info from highly nested JSON objects, as well as ES 2017 features to sequence multiple API calls for its filter results.

◯ Built with HTML5, CSS, jQuery, JavaScript, Better Doctor API, Google Maps JavaScript API, Google Geocoding and Reverse Geocoding APIs

### Goat's Guide | www.goatsguide.com

Goat's Guide is a heavy metal event & venue database concept as well as an ongoing study in UX design. I am currently reworking this project using React, Express/Node to reduce app loading time, and encourage user participation with the integration of Facebook's Graph API.

◯ Current version is built with Ruby on Rails, and utilizes HTML-scraping gems such as Watir and Nokogiri, along with custom background tasks/Sidekiq to collect event data. Uses Devise gem for authentication. PostgreSQL database. Deployed with Heroku.

**You can find more projects on my website at killeraliens.github.io/alexandra-brinn**

## EXPERIENCE

### APR 2015 - JUL 2018
### Burgeon Group | Design Project Manager |
### instagram @BurgeonGroup

Burgeon group is a niche design & build firm with a stellar international reputation for the concept, design, and fabrication of children's experience in the public library space. My role as design project manager included coordination between client , design, and fabrication departments. I worked closely with the CEO/lead designer contributing to client communications, design, and marketing, as well as executed the technical drafting, construction & installation plan documents for our inhouse fabrication teams.

### 2012 - 2015
### Demi Coffee | instagram @DemiCoffee

Developed and operated a small food & beverage concept with a partner. Great experience in customer service, creative offerings, fun with branding. Best cold brew.

### 2012 - CURRENT
### Curiotile

Personal project in product design. Iterative flatpack designs in stainless and powedercoat steel, custom displays & storage solutions. Website coming soon.

### 2009 - 2013
### Ah Diós | Freelance Graphics & Branding

Collaborating with three others in web, film, and UX backgrounds. Brand development and various projects in graphic, signage, web, and packaging for Visual+Intent, Cartel Coffee Lab, Request Manufacturing, Sooh Media +
